Swedish investor Vargas Holding AB replaced the chief executive officer at battery storage company
Polarium Energy Solutions AB, one of its five key green ventures.. Polarium's board appointed Clas
Gunneberg as its new CEO, effective immediately, the company said in a statement. He will replace Stefan
Jansson, the startup's founder and former leader.

Various studies affirm the central role of energy storage, carbon management, small modular reactors, clean
hydrogen and sustainable aviation fuels in the global endeavours to reduce carbon emissions and achieve a net
zero path. The net zero emissions path in 2030 will need to see carbon capture to scale to 20x current capacity,
energy storage 35x, clean hydrogen 70x, and ...
