

Where is Yemen LNG plant located?

The LNG plant is located in Balhaf. Yemen LNG Company was incorporated in 1995 to develop the LNG plant. In 1997, the development was halted because of the Asian economic crisis. The project was launched only in August 2005 after signing three LNG supply contracts.

What makes LH Energy Group unique?

As a proud member of the LH ENERGY GROUP, a company with a strong market position that provides solar panel installation throughout Europe, we are a reliable partner for the European market. What makes collaboration with us unique? We are a leading supplier of mounting services for European customers and investors.

When did Yemen LNG start production?

On 29 October 2007, Yemen LNG and Yemen state-owned oil and gas company Safer Exploration and Production agreed a 20-year contract, according to which Safer grants the LNG plant with supply up to 12.5 billion cubic meter (bcm) of gas per year from the Block 18 of the Marib - Jawf field. The production started on 15 October 2009.

Who are LH energy SRO & LH Energy Europe?
